Blooming Kitchen

[WWW.SESHININD.CO.KR](http://WWW.SESHININD.CO.KR)

Seshin Indusry Inc. is a manufacturing company producing die-casting kitchenware, established in 2003, and it is a Gyeonggi-do Promising small and medium sized enterprise, Export-promising small and medium sized enterprise, KOTRA-designated enterprise, Strong small business, and an enterprise which acquired INNOBIZ Certification, ISO9001/14000 Certification and German LGBV (TUV) Certification.

We are currently exporting to more than 20 countries around the world by getting recognition of the superior quality from many countries around world as a result of devoting ourselves to technology development and quality innovation in order to provide the customers with the best product, and we promise to provide you with the best quality and service, too.

\*\* Monthly output: 150thousand pieces (based on pots type), 200thousand pieces (based on frying pans type)

\*\* Export amount as of '2017: around U\$10million

## ADVANTAGES OF DIE-CASING ALUMINUM KITCHENWARE

1. Excellent Non-stick function compared to stainless steel products (easy cooking, cleaning)
2. Lightweight compared to stainless steel products and heavy compared to aluminum sheet products.
3. Owing to its sense of weight compared to stainless steel products, there is a feeling of stability when cooking.
4. Owing to its thick bottom surface, there is no HOT-SPOT (phenomenon that a specific part gets scorched and stick) as it has even thermal conductivity, and it has excellent warmth-keeping property.
5. It does not gain dirt as the handle is not Rivet-welded to the cooking surface.
6. Various kind of product design is available as it is produced by casting.

## HISTORY

- |       |    |  |
|-------|----|--|
| 2003. | 9  | Established Seshin Industry Inc.   |
| 2004. | 2  | Registered Utility Model (No. 0342610) – Double-sided frying pan which prevents leakage of oily liquid                                     |
| 2007. | 7  | Acquired Patent for the handle of cooking vessels  |
|       | 9  | Quality certification system - Acquired ISO9001:2000 Certification   |
|       | 9  | Environmental management system – Acquired ISO14001:2004 Certification   |
|       | 9  | Acquired Patent for the cooking vessels having function of adjusting steam discharge   |
| 2008. | 11 | Acquired Patent for double-sided frying pan  |
| 2009. | 4  | Completed construction of 2nd factory  |
| 2010. | 4  | Established R&D Center   |
|       | 5  | Selected as 'Export-promising small and medium sized enterprise' by Small and Medium Business Administration                               |
|       | 8  | Selected as INNO-BIZ   |
| 2011. | 1  | Acquired Patent for 3D coating (No. 10-1010051)  |
| 2012. | 4  | Acquired Patent – Jig for coating of kitchen vessels (No. 10-1140588)  |
|       | 8  | Acquired Patent – Jig for coating of kitchen vessels (No. 10-1175668)  |
|       | 10 | Acquired Patent – Coating for kitchen vessels (No. 10-12450514)  |
|       | 12 | Launched Brand “LaCena”  |
|       | 12 | Awarded Tower of Export U\$5million  |
| 2013. | 2  | Registered Utility Model (No. 20-465732), Acquired Germany LFGB  |
|       | 4  | Submitted items for exhibition of HOUSEWARE FAIR (participated every year by '2016)  |
|       | 5  | Submitted Patent Application for cookware coating device at USA (13/890.014)   |
|       | 5  | Submitted Patent Application for cookware coating device at Germany (10 2013 008 366.4)  |
|       | 7  | Certified as "Innovation S/Medium Business Company" by S/Medium Business Administrator   |
| 2014. | 4  | Selected as Strong small business in Export - Gyeonggi-do Small and Medium Business Administration   |
|       | 8  | Selected as Main-Biz (Management-innovation type Small and Medium sized enterprise) - Gyeonggi-do Small and Medium Business Administration |
| 2015. | 3  | Participated in POSCO Industry Innovation Activity(Quality,Stability,Safety)   |
|       | 12 | Awarded Economic Achievement Award for Economic Development  |
| 2016. | 6  | Registered Utility Model (No.20-479509)-Double Side Pan  |
|       | 12 | Awarded Prize for Export - Gyeonggi-do Women's Enterprise  |
|       | 12 | Awarded Tower of Export U\$10million   |
| 2017. | 1  | Awarded Industrial Service Medal   |

## INOBLE COATING

Patented new PTFE (Fluorine) coating.

Up to 10 layers (interior 7+exterior 3) coating can be applied, and it has long life and strong durability as the coated film thickness is much thicker than current PTFE coating. (Passed 1-million-time Wear Test based on JIS, Japan). It has advantages of both PTFE coating and ceramic coating.

## CERAMIC COATING

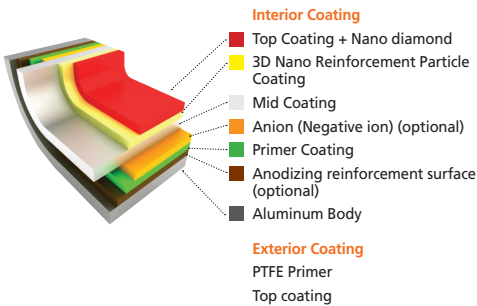

Excellent surface hardness (Pencil Hardness Test 8H), Basically its component is harmless to human body.

## 3D PTFE (FLUORINE) COATING

Patented coating of Seshin Industry Inc.

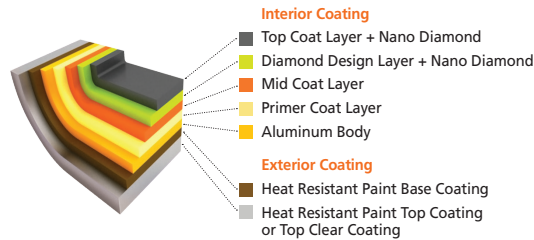

Acquired Certification of German LFGB (TUV). With the coating having 3D-effect on the surface, various design can be realized while keeping characteristics of PTFE (Fluorine).

## DIAMOND COATING

PTFE- based Diamond coating, Pattern printing.

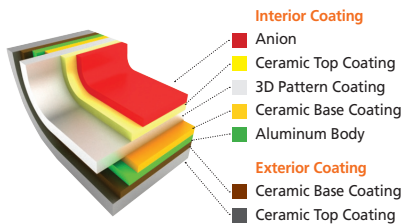

Excellent Non-stick function, Easy cleaning, Surface hardness stronger than marble coating.

## 3D CERAMIC COATING

Patented coating of Seshin Industry Inc.

Acquired Certification of German LFGB (TUV). With the coating having 3D-effect on the surface, various design can be realized while keeping characteristics of Ceramic.

## DIAMOND COATING

PTFE- based Diamond coating, Pattern printing.  
Excellent Non-stick function, Easy cleaning, Surface hardness stronger than marble coating.

## CERAMIC COATING

Excellent surface hardness (Pencil Hardness Test 8H), Basically its component is harmless to human body.

## INOBLE COATING

Patented new PTFE (Fluorine) coating.  
Up to 10 layers (interior 7+exterior 3) coating can be applied, and it has long life and strong durability as the coated film thickness is much thicker than current PTFE coating.  
(Passed 1-million-time Wear Test based on JIS, Japan).  
It has advantages of both PTFE coating and ceramic coating.

Patent Certificate

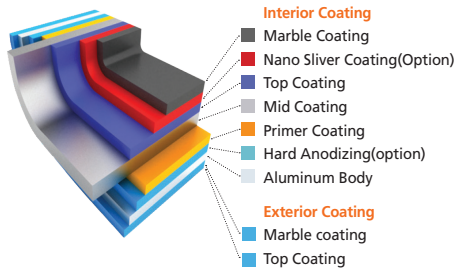

Inspection Certificate for 1-million-time test

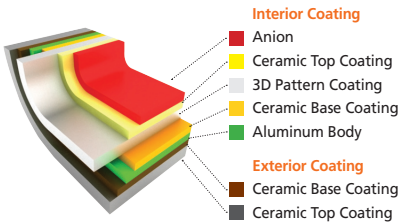

## MARBLE COATING

Non-stick coating based on general PTFE (Fluorine)  
Excellent Non-stick function, easy cleaning, color adjustment available.  
*\*Keeps stocks of the products for gas only, small-quantity order available.*

## 3D CERAMIC COATING

Patented coating of Seshin Industry Inc.  
Acquired Certification of German LFGB (TUV). With the coating having 3D-effect on the surface, various design can be realized while keeping characteristics of Ceramic
